## NATURE NOTES 42

Did you notice the horse chestnut trees on the way into Huntingdon looking very sick this summer, and elsewhere over much of southern England too? Close up you may have seen that the leaves looked very blotchy. This is all caused by little caterpillars of the Horse Chestnut leaf miner which turn into rather beautiful russet-coloured moths, about 5 millimetres long, with white bands across the wings. It was only discovered just over 20 years ago in Macedonia since when it has been migrating across Europe and entered England in 2001 or 2002. It is too early to know what effect it will have on the growth of the trees but should not kill them, unlike Weeping Canker which attacked our churchyard trees. Presumably, a parasite will eventually control its numbers. Talking of migrants, how far do you suppose our regular visitors travel in a lifetime? Red Admiral butterflies can reach the Orkney Islands from southern France, some 1000 miles, but they don't go back. An Arctic Tern, which had been ringed as a chick in 1982, returned to the Farne Islands this year. The warden estimated that this bird had already flown 624,000 miles during its round trips to Antarctica and back over 26 years!

## FIVE PARISH ADVENT FAIR

The five parishes of Easton, Ellington, Grafham, Spaldwick, Barham and Woolley are holding their Advent Fair in Ellington Village Hall on 22 November from 1.00 - 4.00pm. Please think of anything you can do to help. Can you make items for the craft stall or provide materials for someone else to do so? Could you find bottles for the bottle stall, large or small, or provide raffle prizes? Can you make pickles, chutneys, jams or freeze items for the cake stall in advance? Can you look out gifts and presents, candles, toys, children's tombola items and white elephant treasures? Could you organize a game or competition? We would welcome any new ideas and more offers of help to Sue on 455080. Main collection point from now on can be the Rectory, 1 Parson's Drive, Ellington or contact the individual stallholders below:

## CAMBRIDGESHIRE HISTORIC CHURCHES TRUST CYCLE RIDE

Very many thanks to everyone who joined in this, the 25<sup>th</sup> anniversary of the event, which took place on a glorious day in early September. Particular thanks also to those who provided exceedingly generous sponsorship that enabled Easton participants to raise a record total of £350. Half of this sum comes back to the Fabric Fund of our Church and the rest is put towards the maintenance of other historic church buildings in Cambridgeshire.
